

novi We Make Health Happen

The eight week 'novi experience' campaign

Diabetes Care

Weight Care

Metabolic Start

Health Assessment and Longevity

In a world obsessed with "quick fix" weight loss drugs, or longevity hacks NOVI is proving, through peer-reviewed science, that the **Human + Tech + Medical** triad delivers real lasting results, this campaign builds the why - behind the how.

the **novi** experience

The Objective.

To solidify NOVI Health as the authoritative leader in metabolic health in Singapore by leveraging new clinical data and launching the "NOVI Experience" 2 month campaign

From Data
to Wellness

Narrative Plan.

APRIL

"Kickstart your metabolism"

A science-backed reset, grounded in real clinical outcomes and supported by our publication in the International Journal of Obesity. Designed to help you understand, optimise and take control of your metabolism with clarity and confidence.

MAY

"The NOVI experience"

A look behind the curtain of our "Human + Tech" model — where clinical expertise meets data-driven care. Through insider content and behind-the-scenes access, we shift the focus to the provider journey: how our doctors, coaches and systems work together to deliver outcomes.

This is brought to life through "day in the life" storytelling and deeper dives into the thinking behind our approach, supported by the launch of our *Live Well* community series — from walks and HIIT to matcha workshops — extending the NOVI experience beyond the clinic.

Anchored by our Diabetes Journal publication and a new pricing reveal, this month brings together proof, experience and access.

The Message Foundation

Longevity isn't about living longer someday.

It's about living better now, and staying that way.

At NOVI, we don't treat conditions in isolation.

We build, correct & control your health over time.

From optimising energy, to addressing weight & risk, to managing chronic conditions like diabetes.

It's one connected journey; that journey is longevity.

PURPOSE OF THE SERIES

Bringing the NOVI care model to life

The series is designed to show how we deliver results in the real world — the people, spaces, systems and continuous care that sit behind every patient outcome. It is built to work in lockstep with the Novo Nordisk partnership, the Diabetes publication, and the TBT content collaboration.

Film series

8 hero films — weekly release from May 21. Each one reveals a different dimension of the NOVI care model.

Spotify launch

Channel launches June 4 alongside FAQ Episode 1. Extends NOVI's audio presence.

Ask The Doctor / Coach / AMA

AMA series with pre-seeded questions. EDM (W1) → Record (W2) → Live on IG/YT (W3). Repeatable format.

Website relaunch

Late June. Content, editorial and article resurfacing to strengthen SEO and site authority.

55 Questions & FAQ

Filmed this week. Episode 1 releases June 4. Quick-format clinical Q&A for social and Spotify.

Community events

SPECIAL FORMAT

AMA - doctor / coach series, kick off

A recurring, high-trust format that positions NOVI's clinical team as approachable experts. Built around real questions from real patients and prospects — seeded via EDM to build participation before filming.

Week 1
28– May

EDM seed

Send to full list. Subject: 'Ask our doctor anything.' Invite community to submit health questions. Pre-seeded Qs in the EDM to prompt participation. Link to question submission form or WhatsApp broadcast.

Week 2
1 Jun

Record

Film Dr Whitney answering top questions. Studio quality. 8–12 questions per session. Short-answer format (30–90 sec per Q). Record enough for multiple releases. Think: Vogue 73 Questions energy — warm, confident, clinical.

Week 3
8 Jun

Release

Episode 1 goes live on IG Reels and YouTube. Cut into individual Q clips for Stories and Shorts. One hero cut (3–5 min) for YT. Each clip ends with soft CTA. Runs alongside Spotify launch and FAQ Episode 1 for maximum W3 impact.

Format is repeatable — Dr / coaches session becomes a monthly series. Each release extends NOVI's content library with zero ongoing production cost once templated.

This is what care looks like

ACQUISITION HOOK

What does a health clinic actually do between your appointments? This week, we show you.

RELEASING THIS WEEK

Hero film 1: The First 10 Minutes

Novo Nordisk press release

Novo EDM + landing page

Ask Dr Whitney EDM seed

HERO FILM

The First 10 Minutes

Cinematic walk-through of a patient's first NOVI appointment. Clinic space, clinician greeting, first consultation moment. Sound design only. No voiceover.

INSTAGRAM

Video: Hook (0–3s): A clinician opens a door. No words.

Carousel: Title: What your first NOVI appointment actually looks like

Caption: What happens in the first 10 minutes of a NOVI appointment? Everything starts here. ·
CTA: Link in bio → book your first appointment

EDM

Subject: A new standard in weight care — NOVI and Novo Nordisk — Lead with patient-centric language. Announce partnership. Link to landing page. Warm, clinically credible. Not a product push — a belief statement about access and supported care.

WHATSAPP

Welcome message to existing patients. Introduce the NOVI WhatsApp Community. Frame it as updates, event invites and real health conversations — not a sales channel.

The science behind the weight – follows NOVO PR

ACQUISITION HOOK

You've tried everything. So why hasn't it worked? The answer isn't discipline — it's biology.

RELEASING THIS WEEK

Hero film 2: A Day in the Life (Health Coach)

Article: What the obesity study actually means for you

Ask Dr Whitney — recording session

HERO FILM

A Day in the Life — Health Coach

Follow a NOVI health coach through a real working day. Coaching calls, case review, end-of-day reflection. Humanises the continuous care model. Cut for IG Reels and YouTube Shorts. Adapts for paid.

INSTAGRAM

Video: Hook (0–3s): Text card — 'It's not about willpower.'

Carousel: Title: Why weight isn't a willpower problem

Caption: Weight gain is a medical signal. Your biology is working against you — and that's not your fault. · CTA: Read the full article — link in bio

EDM

Subject: What the obesity research actually means for you — Sue-Anne authored 600w piece. Frame the science plainly. Link to blog. End with soft CTA: talk to a NOVI clinician.

WHATSAPP

Broadcast: Share the blog article. One line intro from Sue-Anne or Kyle. 'This is the science behind what we see in clinic every day.'

55 Questions with Sue-Anne

The beginning of a loing term content arc for NOVI focusing on humanising doctors coaches, team and giving a wider 'peak' into our world.

The Room Matters

Slow, deliberate shots of the NOVI clinic. Architecture, light, materials. Intercut with a clinician on why environment is part of care. Premium — closer to a design or hospitality brand than a clinic.

INSTAGRAM

Video: Hook (0–3s): Slow pan across clinic. No narration — just space and light.

Carousel: Title: Why we designed NOVI's spaces the way we did

Caption: The environment where you receive care is part of the care itself. We designed ours accordingly. · CTA: Come and see it. Book at link in bio.

Article: What continuous care means (SEO)

Article: How often should you get a health assessment (SEO)

CNA advertorial (mid-June window)

HERO FILM

The Case Review

Inside a NOVI clinical case review meeting. Physicians, health coaches, data — discussing a patient journey (anonymised). Shows multi-disciplinary depth behind every care pathway. Strong B2B signal. Adapts for paid.

INSTAGRAM

Video: Hook (0–3s): A clinician reviews a file. 'This patient hasn't been in for three weeks. Here's what we're doing.'

Carousel: Title: What happens between your NOVI appointments

Caption: Your care doesn't stop when you leave the room. · CTA: Learn how NOVI's model works — link in bio

EDM

Subject: Why most health checks stop at detection — Lead with the 'more tests ≠ better health' reframe. Introduce NOVI's longitudinal model. Link to both SEO articles. Mid-funnel EDM — for prospects who've visited but not converted.

WHATSAPP

Broadcast: Share the 'continuous care' article with a personal note from a NOVI clinician. 'This is what we mean when we say we're different. ' Soft CTA to book or ask a question.

Between appointments

Every system starts with a single decision. Are you ready to make yours?

RELEASING THIS WEEK

Hero film 8: Welcome to NOVI (POV journey)

Ignite event — all campaign activity converges here

HERO FILM

Welcome to NOVI — POV Journey

First-person POV film. The camera is the new patient. We walk into the clinic, meet the team, sit in the first consultation, see the results, leave with a plan. Immersive, intimate, minimal narration. Designed to make the viewer feel what a NOVI patient feels. Strongest conversion video of the series.

INSTAGRAM

Video: Hook (0–3s): POV — a hand on a door handle. It opens.

Carousel: Title: What your first NOVI experience looks like

Caption: This is what your first NOVI appointment feels like — from the inside. Welcome. · CTA: Book your first appointment — link in bio. Or join us at Ignite.

EDM

Subject: NOVI Ignite — you're invited — Event invitation EDM. Full Ignite programme. RSVP link. Hero film embedded. The campaign's commercial moment — every prior week has been building to this. CTA: register for Ignite or book a consultation.

WHATSAPP

Final broadcast: Ignite invitation. 'Our community gets first access.' Event details + RSVP link.

One video + one carousel, every week

Video / Reels format

Hook in 0–3 seconds — no exception. Aspirational, premium, elevated. No text-heavy openers. Let the visuals earn the watch time. Always end with one clear CTA. Designed for sound-on but watchable sound-off.

Carousel format

Slide 1 is the hook — it must earn the swipe. Every slide advances the thought. Slide 5 or 6 is always the CTA. Write for someone who will screenshot individual slides. Make each one standalone-worthy.

Caption tone

Aspirational and premium. Intelligent but accessible. No emojis unless intentional. One key message per caption. Short first line that earns the 'more' tap. Always ends with a CTA or genuine question.

Build a community, not a broadcast list - Naomi

Phase 1: Seed (W1-W2)

- Invite existing NOVI patients first — highest trust, highest engagement
- Personal message from Tempest or a clinician, not a mass blast
- Welcome message pinned: 'Real conversations about health — updates, events and things we think you'll find useful'
- WhatsApp Channel (broadcast) for announcements; WhatsApp Group for event attendees only

Phase 2: Grow (W3-W5)

- Invite event attendees after each community event
- Add warm EDM leads who have clicked but not booked
- Exclusive early access to all events announced here first — trains community to stay subscribed
- Monthly Q&A window: 24hrs open for questions, Sue-Anne or Kyle answers on video

Weekly cadence (every week)

- Monday: weekly theme broadcast — 3 sentences max, one link always
- Same-day video drop: share the week's film with one line of context
- 48hrs before any event: reminder with RSVP link
- One message per day maximum — more than one = unsubscribes

Rules for the team

- Never use the community to chase bookings — it breaks trust permanently
- Always acknowledge replies in the community group — even a reaction counts
- Events get exclusive access before any other channel — every time
- Keep the tone warm and human — this is not a marketing channel

The Number 5: It corresponds to the "Five Blessings" (*Wufu*)—longevity, wealth, health, virtue, and a peaceful death. It is also directly linked to the Five Elements (*Wu Xing*) of wood, fire, earth, metal, and water, which form the foundational principles for balance in traditional Chinese medicine and overall holistic wellness.

57 Questions — Filming Plan

Dr Sue-Anne Toh | CEO & Co-Founder
Filmed at her home · Newton, Singapore

The Concept

Inspired by Vogue's iconic 73 Questions format, single-take, home walkthrough, rapid-fire questions that reveal a full human being, not just a professional. The goal is for viewers to feel they have genuinely met you: your warmth, your intellectual rigour, your passions, and the life you have built around the mission you believe in deeply.

Your Newton home is the perfect set: three storeys of curated Singaporean art, a grand piano, a moon gate pool terrace, a family photo wall, and a kitchen built for a morning coffee ritual. Every room is a conversation starter.
